

QAA Membership for UK Higher Education Providers in England

Membership Agreement

Our commitment to you

QAA Membership represents our shared commitment to the enhancement of quality and standards, and to the promotion and advancement of UK higher education. Through membership, we will collaborate on solutions to shared challenges, sector-wide issues and the enhancement of the student experience.

We are committed to engaging with you to shape and inform our membership offering, to ensure that our services meet the requirements of our community of members.

We will publish an annual calendar which details the events, publications and resources that you can expect throughout the membership year.

You will have a named relationship manager who will be able to advise you how to make the most of your member benefits and will be able to direct you to published guidance and resources, or suggest additional, paid-for professional services.

We will keep you up to date through your nominated contact in respect of member services and benefits. Further details of the member benefits for this year are available in our [Membership Brochure](#).

When you sign up, you unlock access to all the benefits of membership for all members of staff and students at your institution.

Integrity and transparency

We will always operate with integrity and transparency when delivering membership services, including being clear with you about how we manage our different responsibilities across the UK.

QAA Membership is about sharing best practice and enhancing quality, not providing consultation on your specific regulatory circumstances.

We are committed to protecting the confidentiality of information that you share with us as part of our membership relationship. However, in exceptional circumstances, such as where our communications indicate that you may be in breach, or at risk of breaching, regulatory conditions, we will bring this to your attention, reminding you of your reporting responsibilities to the relevant regulator. If we have reason to believe that you are not discharging these responsibilities, we may share pertinent information with the regulator.
